DL2200 Duplex Printer

Expected reliability with upgraded performance.

Introducing a versatile printer reinvigorated with powerful performance upgrades. Customers can enjoy creating a wide range of premium products, including flat and folded greeting cards, photo books, calendars and **Kodak** Copy Service products, with all-new speed and ease.

- Enjoy optimized photo printing on various substrates such as photo book and card stock paper.
- An updated double media tray configuration offers the convenience of holding various paper stocks so clerks don't need to switch trays. A third tray is available as an accessory for additional cost.
- Works seamlessly with **Kodak** Adaptive Picture Exchange (APEX) Systems* and uses **Kodak** ICC profiles, which allow for closer color matching from screen to print output.
- All-new toners and formulas deliver excellent color reproduction and robust fusing characteristics. The new toners are backwards compatible with **Kodak** DL2100 Photo Printer.
