CLASSIC. LUXURIOUS. CANVAS.

Produce heirloom-quality prints and enlargements, from priceless portraits to unique photo products.

Your customers will be delighted with the luxurious look and feel which this classic, premium-quality canvas surface silver-halide paper will give to their images. Images take on a whole new dimension when printed on canvas, enabling you to create a wider range of unique products for your customers.

KODAK PROFESSIONAL ENDURA Premier Canvas Paper enables you produce luxurious canvas-surface prints and enlargements by simply using this paper in your existing workflow - managing the images as you do now using your current workflow software and processing the exposed paper in the same process you use for other ENDURA Premier Papers. With ENDURA Premier Canvas Paper, post-process stripping and mounting is no longer required to achieve a premium canvas 'look'. And now you can offer a canvas surface in an unmounted print. It couldn't be easier for you to extend the range of surfaces you offer and create unique premium products.

If you desire a professional paper that provides amazing color, exceptional quality, state-of-the-art longevity, and excellent durability, choose the best. Choose ENDURA Premier Paper. Now available in a premium canvas surface.
